Dale,

As mentioned in our conversation earlier, below is the information for you and your team to connect via webinar and conference line. Please note that the conference line information has been changed from what is on the latest version of the agenda.

Thanks!

Karen

Adobe Connect Link:

Subject: UPDATE: Stormwater BMP Project Meeting tomorrow (2/4)

Dale and Roger,

With all of the snow we've accumulated in the past week and with more on the way, we thought (for safety's sake) it would be best to have a conference call tomorrow rather than an in-person meeting. We will still plan to begin at 1:30pm and wrap up by 3pm. Please let us know your thoughts on this virtual approach.

A draft agenda for this meeting is attached which includes the call-in information.

Thanks,

Karen
